Banks is said to be issuing no leaves of absence to any except on certificate of disability. These are many among officers, but only wounds are sufficient to take home a private. Grant is sending home for a short time, one-twentieth of his enlisted men, those to be selected who have displayed the best soldiery. But Bank's army is much farther from home than Grant's, and transportation is much more difficult.

A cavalry expedition returned to Natchez July 30th, after having traveled 150 miles. They also took thirty-five prisoners, paroling a number of others who were sick, and captured over one hundred excellent horses and mules.

BARRE ACADEMY.

THE FALL TERM will begin on Thursday, August 21st. S. S. SPAIDING.
Barre, Aug. 1, 1863. 37w3

PEOPLE'S ACADEMY,

Morrisville, Lamolle Co., Vt.

The following are the Board of Instructors, to which such additions will be made as the wants of the school require:—

GEO. P. BYINGTON, A. B. Principal.
MRS. FANNIE W. TENNEY, (Formerly Miss Nutt), Preceptress.
MISS A. A. SMITH, Teacher of Music.
MRS. ALICE G. MANNING, Teacher of Penmanship.

This Institution is pleasantly located in the village of Morrisville in the Lamolle, in the midst of the most attractive scenes of nature, and good society. Since its incorporation, in 1847, it has maintained its rank among the first schools of the state, and sent forth many to whom it has been a means of thorough culture. It is furnished with an Apparatus, Library and Cabinet, and other needful facilities, and it is believed that its departments of study, classical, English and scientific, are well adapted to afford good advantages for young ladies and gentlemen, who desire a sound, practical education, or preparation for schools of a higher grade. It will be the aim of the teachers to furnish such instruction and counsel as will best further the progress of the students, and while avoiding all that is sectarian in character, to exert that moral and religious influence that is an essential part of true education.
Tuition as usual.
The Fall Term will begin Sept. 3, 1863. Winter Term begins Dec. 3, 1863.
Board can be obtained at from \$1.50 to \$2.00 per week.
For further particulars address the Principal.

Another Great Victory!

THE subscriber has succeeded in getting, and keeps constantly on hand

Those Railway Horse Powers and Combined Threshers and Cleaners,

which took the first premium at the N. Y. State Fair for 1862, and it has also at every State and County fair at which the proprietors have exhibited in competition with others, and this we know is more than can be said of any other Machine in the United States. Some of the advantages of these powers are: low elevation, slow travel of team, and of course ease of team. It is a great labor saving implement, and will save more than twice its cost every year, besides making hard work easy. A boy 15 years old can use it with ease. You can use any kind of horses the second time round, in Power, without harnesses or halters, and with safety.
The subscriber has had extra experience with all kinds of Horse Powers and Threshers for the last 15 years, and can safely say taking all things into consideration, that this Machine will whip the World, and do it easy, and one look at it will be all that is wanting to make a decided stand on what Machine to purchase. It is painted with Indian-red, and striped with blue and white, and varnished.
Those wishing these machines must speak for them two or three months in advance, as the orders on the Manufacturers are so large that they cannot supply as fast as they are wanted. Descriptive circulars sent free on application.
